

On behalf of Pangborn Memorial Airport, I wish to thank you for the work being done to minimize the PFC application process.

One concern I have: Section 158.24, it states "(a) Notice by Public agency. (1) A public agency must provide written notice and an opportunity for public comment before: (i) Filing an application with the FAA.."

Small airports of Pangborn's size, use PFC funds to cover the sponsor's portion of AIP grants. These projects should not be required to go through a public comment period when they already have FAA approval.
